10.00–11.00	Plenary talk (HS3A) - Chair: Alexander Ziem Heike Behrens: The role of the usage-event in usage-based acquisition research														
11.00–11.35	Coffee break														
	Session 1 HS 3A	Session 2 3D	Session 3 3E	Session 4 3F	Session 5 3H	Session 6 23.21.U1.44	Session 7 23.21.U1.48	Session 8 23.21.00.44	Session 9 23.21.U1.72	Session 10 23.21.01.22	Session 11 23.21.01.27	Session 12 23.03.01.22	Session 13 HS 3B	Session 14 HS 3C	
	Theme session: Mental Spaces, Blending and Viewpoint: A session in memory of Gilles Fauconnier (Convenors: Eve Sweetser & Barbara Dancygier)	Chair: Peter Petré	Theme session: The conceptualization and embodiment of list constructions across signed and spoken languages (Convenors: Laura Ruth-Hirrel & Sally Rice)	Chair: Pedro Ivorra Ordines	Chair: Maarten Lemmens	Chair: Rachel Hatchard	Chair: Alexander Willich	Chair:			Chair: Luca Müller	Chair: Rafael Soto Setzke	Theme session: Usage-based approaches to multilingualism (Convenors: Antje Endesfelder Quick & Nikolas Koch)		
11.35–11.45	Theme session introduction														
11.45–12.15	Barbara Dancygier and Lieven Vandeloote: Discourse spaces, stance-stacking and viewpoint blending in internet memes	Keith Allan, Réka Benczes, Kate Burridge, Mia Lindgren and Lilla Petronella Szabó: Don't worry, be a senior? The effect of linguistic labelling on the coverage of late-life anxiety and depression in major Australian newspapers	Sherman Wilcox, André Xavier and Satu Siltaolopi: List Constructions in Two Signed Languages	Jonas Nölle, Yichen Wu, Pablo Arias, Yueyao Yang, Oliver G. B. Garrod, Philippe G. Schyns and Rachael E. Jack: Multimodal markers of confidence and doubt: Inferring Feeling of Knowing from facial movements	Simon Devylder, Laura Janda and Lene Antonsen: Language adapts to its environment: The case of morphosyntactic reduction in Paamese and North Sami	Arne Lohmann, Regina Stödden, Laura Kallmeyer, Julia Henkel and Katja Biermann-Ruben: Do Parkinson's Disease patients exhibit a reduced use of action words? – A semantic vector analysis of action verb usage in spontaneous production	Guorong Yuan: A socio-pragmatic critique of pragmatic failures in other-prefaces: Take the Chinese academic monograph as an example	Haruka Shimura, Naoaki Wada and Ayana Ogawa: A Cognitive Linguistic Approach to "Emotional Effects" of the Present Perfect Progressive			Ludmila Novotny: A monosemic analysis of the form through	Thomas Van Hoey, Xiaoyu Yu, Pan Tungle and Do Youngah: Bridging corpus and norm: Mandarin sensory adjectival phrases	Nikolas Koch: How creative are children's language mixtures? The role of chunks as fixed linguistic patterns in child code-mixing		
12.15–12.45	Seiko Fujii: Embedded mental spaces and viewpoints in embedded insubordination constructions in Japanese and English	Réka Benczes, István Benczes and Benke Ságvini: When life is not a journey: The effect of COVID-19 lockdown measures on the metaphorical conceptualization of life among Hungarian adults – a representative survey	Ronaldy Heikoetter and André Xavier: A comparative study of list buoys in the production of two Libras signers	Ewelina Wruck and Jan Wodowski: Cross-linguistic variation in descriptions of human faces	Reza Soltani and Laura A. Janda: The Lexicon-Grammar Continuum: What Persian Complex Predicates Reveal	Monika Pleyer: "the living dead" or "fight till the end"? – Metaphors of dementia in online health forums	Shudong Ma: Windowing assemblies in Chinese and English use	Shuping Huang: Affective positioning in internet celebrity events: The use of deictic terms to agree and engage			Sabrina Mennella, Maria Di Maro and Martina Di Brato: Common Sense Knowledge graph generation for information-gap requests in dialogue systems	Svetlana Sokolova and Sandra Birzer: Unraveling morphological competition: derivational properties of loan markers	Antje Endesfelder Quick, Stefan Birzer: A Dynamic Network Approach to bilingual child data		
12.45–14.15	Lunch break														
	Session 1 HS 3A	Session 2 3D	Session 3 3E	Session 4 3F	Session 5 3H	Session 6 23.21.U1.44	Session 7 23.21.U1.48	Session 8 23.21.00.44	Session 9 23.21.U1.72	Session 10 23.21.01.22	Session 11 23.21.01.27	Session 12 23.03.01.22	Session 13 HS 3B	Session 14 HS 3C	
	Theme session (cont'd)	Chair: Françoise Gallez	Theme session (cont'd)	Chair: Frank Brisard	Theme session: Words and meanings: Cross-linguistic variability and regularity in the lexicon (Convenors: Elisabeth Norcliffe & Asifa Majid)	Chair: Beate Hampe	Chair: Dylan Glynn	Chair: Shuping Huang	Chair: Benoit Leclercq	Chair: Takanobu Nakamura	Chair: Michael Pleyer	Chair: Kim Droste	Theme session (cont'd)	Chair: Susanne Triesch	
14.15–14.45	Iksoo Kwon: Space embedding and epistemic stance: A mental-space approach to I promise and I guarantee constructions	Vsevolod Kapatsinski: When is a form good enough? How we avoid producing forms with unintended meanings	Satu Siltaolopi: The logic in the ordering of the entities in FinSSL	Jakob Horsch: Corroborating corpus data with elicited introspection data: A case study	Elisabeth Norcliffe and Asifa Majid: Cross-linguistic regularities in perception verb colexification	Luana Amaral and Alexandre Carvalho: Constraints on lexical-constructional integration: substance emission verbs and the stative passive construction	Mariko Higuchi: A Cognitive Grammar View on the Progressive Construction	Akira Machida: Some Theoretical Implications of Two Intersubjective Viewing Arrangements: A New Look at Japanese Cognitive Grammar	Naoaki Wada: Be going to and gaan: A contrastive study of go-futures in English and Dutch	Ying-Hsueh Hu: Countability of nouns and the use of articles in EFL classrooms	Lang Chen: How necessity is expressed in research articles: a frame semantics perspective	Stephanie Lieboldt and Katja Pollit: Delicate women and scraggy men – Implicit stereotype marking through attribution	Piret Baird, Anna Verschik and Reili Argus: Contact phenomena in English-Estonian early bilingualism	Daniel Kjellander and Suzanne Kemmer: Visual motivation for lexical blending	
14.45–15.15	Anna Bonifazi: A mental-space account of embedded viewpoint for anaphoric constructions counteracting coreference rules	Klaus-Uwe Panther and Linda L. Thornburg: Modeling Figurative Action in Embodied Speech Acts	André Xavier and Sherman Wilcox: Pinkie First: List Constructions in Brazilian Portuguese Co-speech gesture and Libras	Eleanor Smith, Peter Petre and Hubert Cuyckens: Cognitive aspects of leaders and gestures in syntactic change	Maria Koptjevskaja Tamm: Lexical typology and cognitive semantics: extended uses of temperature terms	Jamin Peilkey: Rethinking body partonymy: From random typologies to relational systems across 48 world languages	Qiujun Zhang: Grammatical Aspect and Goal Preferences: Evidence from Linguistic Analysis and Motion Event Categorization	Ahmad Izadi: Beyond definiteness: exploring epistemic and relational accounts of e-marked formulations in Persian interactions	Shione Takahama: A semantic network analysis of the preposition by: between space and time	Anastasia Makarova and Yulia Rodina: Third language acquisition meets cognitive linguistics	Kun Yang and Xu Wen: Eating we live by: The systematicity of EATING metaphors in Mandarin Chinese	Melissa Schuring, Eline Zenner and Laura Rosseeel: Farmer Jan featuring film star Brad: A cognitive socio-onomastic take on English first name stereotypes in Flanders	Nicole Weidinger, Stefanie Haberzettl and Valentin Kany: Preschool language assessment for multilingual children: A usage-based approach	Toomas Huomo: Quantity scales vs. intensity scales: degree modification of quantifiers in Finnish	
15.15–15.45	Todd Oakley: Scalar Reasoning in Macroeconomics: The Rhetorical Oddities of Even	Günter Radde: Motivating English Aspect	Motomi Kajitani: Partial Listing, etc.: The Case of the Japanese X toka Construction	Yen-Ting Lin: Semantic Typology: New Approaches to Unpacking Conceptual Transfer in Bilingualism	Thomas Brochhagen: Characterizing cross-linguistic regularities beyond semantic similarity	Nicole Mazzetto: The synchronic motivation of idioms: An empirical study	Rüya Su Şencan, Shreya Havalidar, Batja Mesquita, Lyle Ungar and Katie Hoemann: Verbal descriptions of experience and the conceptualization of emotion across cultures	Jiehai Liu: Explaining the Mirativity of Verbal Classifier Constructions in Mandarin Chinese	Martin Sedišček: Don't come knocking on my door: verb-framing in satellite-framed languages in usage-based perspective	Lilla Petronella Szabó: Making a cardinal point: The conceptualization of EAST and WEST in Hungarian politics	Katja Pollit and Alexander Willich: "Ich hab letztem in Internet total den süßen Hund gefunden" - Grammaticalization paths of NP-external degree modifiers in German	Claudia Maria Riehl: Language contact and the emergence of replica-constructions: Evidence from German heritage communities			
15.45–16.15	Coffee break														
	Session 1 HS 3A	Session 2 3D	Session 3 3E	Session 4 3F	Session 5 3H	Session 6 23.21.U1.44	Session 7 23.21.U1.48	Session 8 23.21.00.44	Session 9 23.21.U1.72	Session 10 23.21.01.22	Session 11 23.21.01.27	Session 12 23.03.01.22	Session 13 HS 3B	Session 14 HS 3C	
	Theme session (cont'd)	Chair: Elizaveta Tarasova	Theme session (cont'd)	Chair: Lotte Sommerer	Theme session (cont'd)	Chair:	Chair:	Chair:	Chair: Martin Schäfer	Chair:	Chair: Elitzur Datner	Chair:	Theme session (cont'd)	Chair: Laura Janda	
16.15–16.45	Tiago Torrent and Mark Turner: Persistence of the base	Jane Klavan, Mariann Proos, Piia Taremas and Ann Veismann: Experiments on the pages of Cognitive Linguistics from 2012 to 2022	Philipp Dankel: Pattern of form and function of bodily resources in listing practices beyond Standard Average European	Nikolas Gisborne and Graeme Trousdale: Networks all the way down				Kangwon Lee and Kaoru Horie: Differential discourse strategies regarding pragmatically "redundant" information: A functional account of the differential verbalization patterns of referring expressions in Japanese and Korean	Jakob Altmann: Influence of the category of definiteness on the semantic field – contrastive analysis of selected German-Polish and Polish-German translations of non-fictional and literary texts		Juan Sun and Shuying Chen: Assessing the role of lexical aspect in the acquisition of French Passé Composé and Imparfait: The case of Chinese-speaking learners of French	Suren Zolyan: The Pronoun "I" as a Subject of Self- and Self-as-the-Other-Reference: A Linguistic Perspective.	Monika Chwalczuk and Robert Balas: Multimodal speech processing in consecutive dialogue interpreting: Evidence from EEG and HRV experiments	Blerina Keimendi & Claudia Maria Riehl: Language mixing within an Albanian-German bilingual family network	Gisela Elina Müller: Lexical and constructional density in parentheticals: cognitive aspects and metadiscursive functions
16.45–17.15	Terry Janzen, Barbara Shaffer and Lorraine Leeson: Blended spaces in simultaneous interpreting: Signers' and gesturers' subjective representations of speakers' texts	Elizaveta Tarasova, José Antonio Sánchez Fajardo and Natalia Beliaeva: Baddie or baddo? The weight of -ie and -o affixes in creating connotations	Laura Ruth-Hirrel and Sherman Wilcox: Towards a typology of gestural enumeration strategies in English	Tobias Ungerer: Sneezing the napkin off the table: Mechanisms of valency coercion in eye-tracking	Gerd Carling: Evolutionary aspects of lexical meaning: A computational phylogenetic study of colexifying meanings		Rümeysa Bektaş: R-morpheme as the realization of the boundary-crossing concept in child and adult German	Stanley Madonsela: A constructional approach to the lexicalization of synsets in African WordNet: The case of possessive constructions	Thomas Prinzie: Variability of multiple translations as evidence for cognitive and linguistic factors underlying translator decisions	Mi Tang, Jiayun Zhang and Jennifer Spenader: Statistical learning of tone is constrained by native language experience	Yoshiyuki Notohara: Conventionalised illocutionary Scenarios and Figurative Thought Patterns from the Psychological Schema Constructions in Spoken English	Yusuke Sugaya: What Factors Influence Conceptual Salience Assigned to Nominals of Sentences? Evidence from Eye Fixation on Visual Images	Natalia Siereda: Egyptian Arabic-English Code-Switching in Egyptian female vlogs	Stefan Th. Gries: Collocations revisited: making it simpler, making it better	
17.15–17.45	Eve Sweetser: Blending spaces to compose speech and gesture meaning	Eleni Tzimopoulou, Jenny Hartman and Carita Paradis: Realizations of EVENTS in descriptions of everyday sounds	Jennifer Hinnell and Sally Rice: The Semantics and Pragmatics of Gestured Listing Constructions in English	Maarten Lemmens and Mégane Lesuisse: Cognitive reflexes of language-specific preferences: evidence from memorisation and eye-gazing	Mahesh Srinivasan: Language learning and the emergence of polysemy across languages		Yu Deng and Minjun Park: Source-Goal Asymmetry in Event Segmentation: A Comparison of English, Korean, and Mandarin		Alice Mevis: Recipient passives in Mozambican Portuguese: a case of constructional alternation in the making				Susannah Paice: Traceback as a method for exploring usage-based second language acquisition	Jesus Olguin Martinez and Stefan Th. Gries: The lexical-specific nature of syntax: Hypothetical manner constructions and Filter-Slot Relations	
17.45–18.15	Coffee break														
18.15–19.45	Panel in memory of Gilles Fauconnier (HS 3A) Convenors: Eve Sweetser & Barbara Dancygier Panelists: Barbara Dancygier, Mark Turner, Seana Coulson, Terry Janzen, Eve Sweetser														
20.00–22.00	Welcome reception														

Wednesday, August 9

	Session 1 HS 3A	Session 2 3D	Session 3 3E	Session 4 3F	Session 5 3H	Session 6 23.21.U1.44	Session 7 23.21.U1.48	Session 8 23.21.00.44	Session 9 23.21.U1.72	Session 10 23.21.01.22	Session 11 23.21.01.27	Session 12 23.03.01.22
09.00-10.00	Plenary talk (HS 3A) - Chair: Alexander Willich Kyoko Ohara: The Role of FrameNet in Frame Semantics, Construction Grammar, and Natural Language Processing											
10.00-10.30	Coffee break											
10.30-11.00	Theme session: Grammatical constructions and the usage-based model (Convenors: Dylan Glynn, Olaf Mikkelsen & Piotr Wyrosiak)	Theme session: Multimodal stance-taking in gesture and sign (Convenors: Geert Bröne, Fien Andries, Clarissa De Vries, Kurt Feyaerts, Katharina Meissl, Bert Oben, Paul Sambre, and Myriam Vermeerbergen)	Theme session: Ad hoc cognition and the Whorlian question: towards an experiential and situated model of language-thought interactions (Convenors: Panos Athanassopoulos, Monique Flecken & Norbert Vanek)	Theme session: Diachronic perspectives on form-meaning hypothesis: Testing the macro-event hypothesis (Convenors: Fuyin (Thomas) Li)	Chair: Jörg Bücken	Chair: Marianne Hundt	Theme session: Constructional perspectives on motion event encoding (Convenors: Karin Madlener-Charpentier & Elsa Liste-Lamas)	Chair:	Chair: Jill Hohenstein	Chair: Beate Hampe	Chair: Alexander Willich	Chair: Nina Julich-Warpakowski
10.30-11.00	Andreas Buerki: Inheritance as a useful notion in a usage-based construction	Clara Kindler and Cornelia Müller: Affective stance-taking in mediated political speeches of 'Bündnis 90 / Die Grünen' (The German 'Green Party')	Tiziana Jäggi, Sayaka Sato and Pascal Mark Gygax: Skin cancer probability assessment and the grammaticalization of the future: The role of epistemic modality	Fuyin Thomas Li: The Macro-event Hypothesis: Evidence from Resultative Constructions in Mandarin	Thomas Herbst: Modelling Syntactic Analysis in a Constructionist Framework: the CASA approach	Lauren Fonteyn, Folger Karsdorp and Enrique Manjavacas: Measuring functional diversity: where corpus linguistics meets ecology	Manon Hermann and Françoise Gallez: Lexicalization patterns for the expression of motion and localization in German: an embodied teaching approach	Hongjun Chen and Wei Qi: Contextual effects on Chinese idiom processing: an ERP study	Eleanor Miller and Mikhail Kissine: Common Ground Updates do not depend on how information is conveyed: a Recognition Memory study	Krista Teeri-Niknamoghdam: Metaphorical and metonymic uses of 'grammar' in linguistic discourse		Marlene Johansson Falck and Lacey Okonski: Unexpected Abstract to Concrete Metonymies in Corpus Data
11.00-11.30	Susanne Flach: Nodes, links, and psychological plausibility: A case study of the make-causative	Daz Saunders: Stance-taking mouth actions in Quebec Sign Language (LSQ)	Owen Kapelle and Monique Flecken: A large-scale systematic review of the experimental work on the effect of language on the perception of colour	Jing Du and Shan Zuo: Attraction or Differentiation: Diachronic Changes in the Causative Alternation of Chinese Change of State Verbs	Nadine Proske and Arne Zeschel: Pseudo-coordination in German	Lotte Sommerer and Florent Perek: Definiteness and verb meaning: Investigating the definiteness profile of English verbs	Franisca Aguilo Mora: Conceptual Processes in the Teaching Null/Pronoun Personal Subjects: A Grounding Analysis	Qian Liu and Yina Wang: Subjectivity of Chinese and English Grounding Analysis	Xinyan Kou and Jill Hohenstein: Result certainty in verbs influences memory of event results	Ayako Sato: Reconsidering metaphor as double metonymy	Mbarefo Chukwuogor: Spatial Frames of Reference in Igbo	Manel Mefteh: Multimodal metaphorical humor in Facebook PhD memes
11.30-12.00	Dylan Glynn: Emergent Constructions. A case study in modeling the composite structure in a non-modular non-discrete grammar of the STEAL event frame	Barbara Shaffer and Terry Janzen: Complex stances in ASL narratives: intersubjective stance-building from past and present spaces	Martin Maier and Rasha Abdel Rahman: Transient and lasting linguistic influences on visual perception: shifting brain dynamics over time	Na Liu, Fuyin Li and Xiaofang Wu: Modelling the Typological Shift of Chinese: Evidence from 使-使-使 and Macro-event at Work	Arne Zeschel, Felix Bildhauer and Thilo Weber: Ongoing change and where to track it: Studying incipient grammaticalisation on the example of the German am-progressive	Devin Tankersley and Jill P. Morford: "Not that, that": Coordinating joint attention through featural modulation in ASL demonstratives	Françoise Gallez: Redefining the link between the caused motion and the resultative construction in German		Yuyan Xue and John Williams: Novel grammatical knowledge causes shifts in both attentional and pre-attentive visual processing: ERP evidence for linguistic relativity		Chinedu Uchechukwu: Verbal Classifier Features of the Igbo Verb Root	Omid Khatin-Zadeh, Zahra Eskandari, Florencia Reali, Hassan Banaruee and Fernando Marmolejo-Ramos: Are metaphorical classes essentially abstract?
12.00-12.30	Martin Hilpert, David Correia Saavedra and Jennifer Rains: English clippings and their source words: A constructional perspective	Alan Cienki: Variable embodiment of stance-taking and footing in simultaneous interpreting	Tally McCormick Miller and Friedemann Pulvermüller: Music to my ears (and fingers): Investigating causal effects of verbal vs. musical labels on tactile discrimination	Hongxia Jia: Causative Alternation in Mandarin Resultatives: A Macro-event Perspective	Karlien Franco and Dirk Geeraerts: Explaining the speed of lexical change in historical Dutch	Elisabeth Engberg-Pedersen: The Danish Sign Language sign ÆGTE ('genuine') and its functions as a marker of intensification, epistemic modality and subjective emphasis	Yo Matsumoto and Keigo Ujije: A corpus-based study of the linguistic representation of change-of-state events in Japanese: An examination of the parallelism between motion and change		Laura J. Speed, Eva D. Poort, Heidi Baseler, Tanita P. Duiker and Asifa Majid: Comparing word meanings for their sensory underpinnings in early-blind and sighted people			
12.45-14.00	Lunch break											
	Session 1 HS 3A	Session 2 3D	Session 3 3E	Session 4 3F	Session 5 3H	Session 6 23.21.U1.44	Session 7 23.21.U1.48	Session 8 23.21.00.44	Session 9 23.21.U1.72	Session 10 23.21.01.22	Session 11 23.21.01.27	Session 12 23.03.01.22
	Theme session (cont'd)	Theme session (cont'd)	Theme session (cont'd)	Theme session (cont'd)	Chair: Jörg Bücken	Theme session: New perspectives on communicative efficiency (Convenors: Natalia Levshina & Anita Slonimska) (Part 1)	Chair: Katja Pollt	Chair: Marlene Johansson Falck	Chair: Yee Cheng Foo	Chair: Sarah Ahrens	Chair: Alexander Willich	Chair: Albana Mucco
14.00-14.30	Thomas Hoffmann: Usage-based Construction Grammar as the cognitive theory for post-colonial Englishes	Cornelia Müller: Taking an affective stance: How affectivity is mobilized in mediated political debates.	Norbert Vanek, Jan Chromý, Václav Jonáš Podlipský and Asifa Majid: Verbal and nonverbal cueing in olfactory categorisation: Are words unique?	Tingling Xu: On the Evolution of Chinese Resultative Constructions: A Case Study of 'V-成(bai; defeat/fail)' Constructions	Yulia Pali, Zoia Butenko, Anna Endresen and Laura Alexis Janda: A Construction for Ukrainian: Objectives, Strategies, Results	Introduction Nely M Iglesias Iglesias and Pedro Ivorra Ordines: Zum Brüllen komisch: Intensifying with verbal constructions. A corpus-based study in German and Spanish	Nely M Iglesias Iglesias and Pedro Ivorra Ordines: A crosslinguistic corpus-based study of the "construction proper" vs "patterns of coining" distinction	Esther Serwaah Afreh: Metaphor, Politics and Gender: A Case Study from Ghana	Nicolás Acuña Luongo: Interaction between word processing and low-level visual representation in college students with ASD	Paul Sambre: Semiotic trees and maximalist conceptualization: olive trees as conceptual anchors in antimafia communities	Svetlana Vetchinnikova: Exploring individual variation in constructional schematicity using random effects	Quentin Felten: The mutualistic organization of sister constructions: an ecological network approach to the structure of the construction
14.30-15.00		Fien Andries, Clarissa de Vries, Katharina Meissl, Geert Bröne, Kurt Feyaerts, Bert Oben, Paul Sambre and Myriam Vermeerbergen: Enactment in contrasting stance acts: a multimodal corpus-based approach	Rosa Zaalger, Caitlin Meyer and Monique Flecken: Verbal labels facilitate event learning	Yuhang Yang: A Diachronic Study on Chinese Complex Directional Complements 'guólái/come over' and 'guòqù/go over' from the Perspective of the Macro-event Hypothesis	Sarah Moar and Elise Stickle: It seemed to be something': Constructing Salem's Witnesses' Seem-Construct-Icon	John Hawkins: What the conventions of grammars tell us about communicative efficiency: Some current issues and prospects	Pedro Ivorra Ordines: A crosslinguistic corpus-based study of the "construction proper" vs "patterns of coining" distinction	Di Wu and Jordan Zlatev: Toward an identification procedure for verbal and pictorial metonymy	Maite Zaragoza Cortés, Faustino Diéguez-Vide and Isabel Gomez-Ruiz: Structural language distance: the invisible variable in modeling the bilingual brain. An approach from Parkinson's disease	Henan Duan, Helen Zhao and Jonathan Lum: A Usage-Based Study of Preposition Pied-piping and Stranding: Effects of Phrasal Frequency and Collocational Strength		Phillip Alexander Neumair: 'To me, punk is still also a counterculture' – How can constructions and frames be used to analyse positioning practices in subcultural debates?
15.00-15.30	Olaf Mikkelsen: Schemas, chunks and everything between. Evidence from Germanic and Romance	Sally Rice and Jennifer Hinnell: The Body's Stance on Stance		Zifan Li and Fuyin Li: The Symmetry and Asymmetry of the Complements guólái/come over and guòqù/go over from the perspective of Macro-event	Alexander Ziem, Alexander Willich and Susanne Triesch: Expanding the German FrameNet: Pragmatic frames across lexicon and grammar	Sterre Leufkens: Redundancy in nominal plural marking	Janja Čulig Suknaić and Mateusz Milan Stanojević: Divergent pathways between motivational source and target: the neither X nor Y construction in English and Croatian	Tanja Gradečak, Mario Brdar and Rita Brdar-Szabó: All this metonymy stuff or conceptual indeterminacy as emotional response to crisis	Gábor Györfi and Tímea Berényi-Nagy: Basic level categories in multilingual cognition	Helen Zhao and Jing Yang: Language-specific Effects on the Processing of Mandarin and Cantonese Classifiers in Adult Early Bilinguals	Tanima Bagchi and Sanjukta Ghosh: Compound Verb Structure and Conceptualization of Perception in Bangla	Chrysoula Vassiliu, Henriette Hendriks and Victoria Leong: Effects of Emergent Bilingualism on the Cognitive Control of Four-Year-Old Children
15.30-16.00	Florent Perek and Adele Goldberg: The productivity of constructions: beyond type frequency	Theme session discussion		Cuiying Zhang and Fuyin Li: An Event Integration Approach to Chinese Instrumental Constructions	Barbara Dancygier and Lieven Vandelandotte: Personal pronouns and the construction of memetic meaning	Yiting Chen: Iconicity, frequency, or efficiency? A related-event approach to causality in Japanese complex predicates	Kimberly Grogan and Elise Stickle: Climate change: a constructional approach	Kevin Moore: The structure of temporal concepts in Wolof		Menghan Wang and Helen Zhao: Schematic Diagrams and L2 Mental Simulation of English Prepositional Phrases	Tetsuta Komatsubara: The fictive source domain: Extending metaphorical worlds via the X as if Y construction	
16.00-16.30	Coffee break											
	Theme session (cont'd)		Chair: Julia Muschalk	Theme session (cont'd)	Chair: Rafael Soto Setzke	Theme session (cont'd)	Chair: Theresa Matzinger	Chair:	Chair:	Chair: Alex Berghs	Chair:	Chair: Martin Schäfer
16.30-17.00	Peter Petrá: Back to cognition: the dynamics of constructions and grammar in individuals		Verena Minow: Conceptualisations of fatherhood and otherness in the television series The Mandalorian	Ruiyang Li and Fuyin Li: Diachronic Evolution Continuum of Macro-event Reflected by Resultative Verb Complement in Chinese	Nadine Dietrich: Debunking the 'pure-future' myth: towards an entirely modal understanding of futurity in English		Philipp Striedt: Modeling landscape concepts using sensorimotor and emotional norms	Kazuko Inoue: Explaining locative alternations in terms of frequency of use: A corpus-based diachronic approach to English spray/load alternations	Tasheney Francis: See- I saw: Epistemic justification as justification of the witness	Marie-Christine Benen: Contextually constrained, locally free – Shifted subjectivity and non-anaphoric reflexives		Michelle Weckermann: 'At work at university': a cognitive semantic study of the polysemy of the preposition 'at'
17.00-17.30	Dirk Pijpops: Ready-made chunks or schematic generalizations? Using agent-based simulation and corpora to discover how constructions are processed		Ana Krajinovic and Xavier Rodrigues: How internet memes evolve and become as abstract as L	Shan Zuo and Fuyin Li: The Semantic Continuum from Disposition to Causative Meaning: Diachronic Changes of Chinese Disposition Construction	Olli Silvennoinen: Negative conditional constructions in English: A usage-based perspective		Paloma Opazo, Alan Cienki, Bert Oben and Geert Bröne: Gesture mimicry in teacher-student interaction: A study on office hour consultations	Diogo H. Jasmins: Proposing a Radial Tree Network for the Diachronic Analysis of Blending	Tanima Bagchi: Body representation in linguistic expressions of emotions in Bangla	Ayaka Kurimasa: Experiencers of the construction of 'It feels ADJ to VERB' and (inter) subjectivity in the discourse		Elisabeth Huber: Recursivity in polylexemic compounding from a cognitive linguistic perspective
17.30-18.30	Plenary talk (HS 3A) - Chair: Jonas Nölle Alice Gaby: Biases in language, cognition and linguists											
19.30-	Conference dinner (Schiffchen, Hafestraße 5)											

Wednesday, August 9

Thursday, August 10
